1. Is Safety an Option or Necessity in Endoscopic Surgery?	1
Prakash H Trivedi	
Philosophy	1
2. Operation Theater Set-up for Safe Gynecological Endoscopy	3
PG Paul	
Operating Theater	3
Postanesthesia Care Unit	5
Operation Theater Set-up	6
Operation Table	6
Video Monitors	7
Static Posture	7
Laparoscopic Vision—Limited View	7
Less Efficient Instruments	8
Surgeon's Fatigue	8
Record Keeping	8
3. Selecting Optimum Instruments for Safe Gynecological Endoscopic Surgery	10
Aditi Singhi	
Major Equipment for Laparoscopy and Hysteroscopy	10
Laparoscopy Instruments	13
Newer Instruments	21
Hysteroscopy Instruments	21
4. Patient Selection for Gynecological Endoscopic Surgery to Make it Safe.....	24
Atul Ganatra, Maya Prasad	
Background	24
Problem	24
Relevant Anatomy	25
Umbilicus	25
Endoscopic Surgery—A Rule	26
Ectopic Pregnancy	26
Management of Ectopic Pregnancy	26
Tubal Factor	27
Proximal Tubal Occlusion	27
Intrauterine Adhesions	28
Uterine Anatomical Defects	28
Hysteroscopic Myomectomy	30
Ovarian Cysts	31
Fibroids	31
Endometriosis	32
Postmenopausal Bleeding	32
Miscellaneous	32

5. Safe Anesthesia for Gynecological Endoscopic Surgery	35
Dinesh Bajani, Deepika Desai	
Anesthesia for Hysteroscopy	35
Anesthetic Management	36
Anesthesia for Gynecological Laparoscopic Surgery	36
Complications	37
Problems	39
Anesthesia Management	40
6. Operative Laparoscopic Surgery Step by Step for Achieving Safety	42
Shaily Jain	
Interaction with Patient and Proper Consent	42
The Beginning of the Surgery	44
Introduction of Veress Needle and Trocars	47
New Energy Sources, Vessel Sealing Devices a Brief Clear Concept	49
Golden Rules of Each Person in Endoscopic Surgery	50
Documentation and Explaining Patients After Surgery	51
7. Making Laparoscopic Myomectomy Safe.....	52
Sunita Tandulwadkar	
Practical Tips of Myomectomy	52
Strengthening of Myoma Scar	56
8. Ectopic Pregnancy: How to Make it Safe for Patient, Tubes and Fertility	58
Pandit Palaskar	
Etiology of Ectopic Pregnancy	58
Conservative Medical Therapy of Ectopic Pregnancy	60
Surgical Management	60
Comparison of Surgical and Medical Therapy	64
9. How to Make Laparoscopic Surgery Safe for Advanced Endometriosis.....	70
PG Paul	
Preoperative Assessment	70
Technique	70
Mild Endometriosis	71
Moderate to Severe Endometriosis	71
Correction of Retroflexion of Uterus	72
Salpingo-ovariolysis	72
Cystectomy	74
10. How to Make Total Laparoscopic Hysterectomy Safe?.....	78
Prakash H Trivedi, Shaily Jain	
Indications of Laparoscopic Hysterectomy	78
Philosophy of Patient's Safety in Laparoscopic Hysterectomy	79
Contraindication for Laparoscopic Hysterectomy	79
Debulking of Uterus	83
11. Safe Laparoscopic Surgery for Prolapse in Young Patient and Vault Prolapse	89
Pravin Patel	
Preoperative Preparations	89
Surgical Technique	90
Anterior	90
Uterine Prolapse	91
Sacrocervicopexy	91
Vaginal Vault Prolapse	91

Sacrocolpopexy	92
Enterocoele	93
Complications	93
12. Laparoscopic Adenomyomectomy	96
Sanjay Patel	
Transvaginal Ultrasonography	96
Adenoma on Laparoscopy	97
Adenoma on Hysteroscopy	97
Coexisting Pathologies	97
Preoperative Adenoma Mapping	99
Aim of Adenoma Resection	99
Technique of Adenomyoma Resection	99
Technique of Endosuturing: Intracorporeal Slip Knot Technique	100
13. Safe and Efficient Laparoscopic Suturing	104
Mahendra Borse	
Patient's Position	104
Instruments	104
Port Placement	105
Needle Insertion	106
Ipsilateral Suturing	107
Contralateral Suturing	108
Needle Removal	108
The Art of Camera Holding	108
Needles	108
Suture Material	108
Barbed Suture	109
Microsurgery	110
Extracorporeal Knot	110
14. Hysteroscopy—An Art to Achieve Excellence with Safety	112
S Krishnakumar	
Hysteroscopic Anatomy of the Uterus	112
Distending Media for Hysteroscopy	113
Distending Media Delivery	114
Technique of Panoramic Hysteroscopy	117
Procedures (Technical Nuances)	118
Metroplasty	118
Lateral Metroplasty	120
Lysis of Intrauterine Adhesions	120
Leiomyomas and Endometrial Polyps	120
Endometrial Resection (TCRE)	122
Complications and Prevention	122
Do's and Dont's in Hysteroscopic Surgery	124
15. Safe Management of Female Urinary Incontinence	126
Prakash H Trivedi, Maya Prasad, Neha Rani	
Magnitude of the Problem	126
Safety Points for Laparoscopic Burch	127
Trivedi's Adjustable Tape	131
16. Performing Safe Multicompartment Mesh Replacement Surgery	134
Ajay Rane, Jay Iyer	
General Considerations for Mesh Surgery	134
Mesh Extrusions/Erosions/Sexual Dysfunction	138
Specific Considerations for Mesh Surgery	138

17. Training and Credentialing in Endoscopic Surgery.....	141
Shyam V Desai	
Objectives of a Training Program	141
Course Contents	143
18. Conquering Complications of Laparoscopic and Urogynecologic Minimal Access Surgery to Make it Safe for Patients.....	147
Prakash H Trivedi, Shaily Jain, Anjali Gupta	
Complications of Veress Needle	147
Complications of Trocar-cannula	148
Electrosurgical/Cautery Complications	150
Bleeding and Poor Hemostasis	151
Technical Complications with Instruments	152
Conversion to Open Surgery	153
Medical, Anesthesia or Non-gynecological Reasons	154
19. Resist Temptation or to Try New Techniques for Experience Before Evidence.....	155
B Ramesh, BV Bharathi	
Is SILS Future of Minimally Invasive Surgery	155
Vessel Sealing Devices	156
Barbed Sutures	157
Morcellators: Gynecare vs RotoCut G1	159
Stress Urinary Incontinence	159
Company Pressure/Temptation	160
20. How to Make Ambulatory Endoscopist's Surgery Safe?	163
Prakash H Trivedi, Neha Rani, Anjali Gupta	
Consent, Expectation and Counseling	163
Complications	165
Deficiency	165
Medicolegal Aspects—Mortality, etc.	166
21. Maintenance and Sterilization of Endoscopic and Minimal Access Surgery Instruments and Equipment.....	167
Anthony Lewis	
Maintenance and Sterilization	167
Carrying Steam Sterilized Instruments Outside the Hospital	169
22. Medical Law—What is What and What is not Medical Negligence.....	172
Gopinath N Shenoy	
Negligence and Rashness	172
Standard or Degree of Skill and Care	173
Criminal Negligence	173
Accidents; Misadventures; Mishaps	174
Error of Judgment	174
Inherent Risks of Treatment	174
Choice of Treatment—Discretion	174
Guarantee and Warranty	175
Vicarious Liability	175
Deficiencies in Statutory Requirements	175
