

Contents

1. Introduction	1
<i>Rajesh Garg</i>	
2. Epidemiology of Hyperglycemia in the Hospital Setting	3
<i>Rajesh Garg</i>	
• Pre-existing Diabetes	3
• New Onset Diabetes	4
• Nondiabetic Hyperglycemia	5
3. Pathophysiological Mechanisms of Hyperglycemia Mediated Damage in Acute Illness	10
<i>Ajay Chaudhuri, Manav Batra, Nitesh D Kuhadiya, Paresh Dandona</i>	
• Cellular Glucose Uptake and Metabolism	10
• Effect of Inflammation and Oxidative Stress on Insulin Resistance, Cellular Damage and Vascular Function	12
• Vasodilatory, Anti-Inflammatory, Antithrombotic and Antioxidant Effects of Insulin	18
• Hyperglycemia-Mediated Damage in Clinical Conditions: Role of Inflammation, Oxidative Stress and Impaired Vascular Function	19
• Mechanisms of Hypoglycemia Induced Damage in Hospitalized Patients	21
4. Glucose Monitoring in Hospitalized Patients	29
<i>Lisa B Cohen, Andrea G Dooley-Wood, Aleksandar S Mijailovic, Stacy Melanson</i>	
• <i>Specimens for Glucose Testing</i>	29
• <i>Clinical Chemistry of Glucose Analysis</i>	30
• <i>Future Directions</i>	38
5. Choosing the Glycemic Target for Management of Inpatient Hyperglycemia	43
<i>Margo Hudson, Graham T McMahon</i>	
• Hyperglycemia is Harmful	43
• Historical Synopsis	43
• Glucose Control and Outcomes in Specific Patient Populations	48

xvi	<i>Hyperglycemia in the Hospital Setting</i>	
6.	Achieving Glucose Goals in the Inpatient Setting	54
	<i>Jeffrey L Schnipper, Margo Hudson</i>	
	<ul style="list-style-type: none"> • Strategies 54 • Beyond Order Sets: An Inpatient Glycemic Control Quality Improvement Program 62 • Measuring Success in Glucose Control 63 • American Quality Programs 65 	
7.	Glycemic Management of Hospitalized Patients Receiving Nutrition Support	70
	<i>Adriana C Holman, Naomi Shimizu, Vihes Patel</i>	
	<ul style="list-style-type: none"> • Glycemic Management in Diabetic Patients versus Non-diabetic Patients 71 	
8.	Management of Hyperglycemic Emergencies	79
	<i>Margo Hudson, Donald C Simonson</i>	
	<ul style="list-style-type: none"> • Epidemiology 79 • Diagnostic Laboratory Criteria 79 • Pathophysiology 81 • Etiology and Precipitating Factors 82 • Differential Diagnosis of Metabolic Acidosis with Anion Gap 83 • Presentation 84 • Treatment 85 • Use of Protocols 88 • Complications 90 • Prevention 91 	
9.	Hypoglycemia in Hospitalized Patients	94
	<i>Rajesh Garg</i>	
	<ul style="list-style-type: none"> • Prevalence and Etiology of Hypoglycemia 94 • Effect of Hypoglycemia on Mortality and Morbidity 95 • Prevention and Treatment of Hypoglycemia 96 	
10.	Team Approach for Inpatient Glucose Management	100
	<i>Paul M Szumita, David P Reardon</i>	
	<ul style="list-style-type: none"> • Steering Committee or Task Force Team 100 • Clinical Management Team 105 	
11.	Diabetes Education in the Hospital Setting and During Transition from Inpatient to Outpatient Management	109
	<i>Rita Marie McCarthy</i>	
	<ul style="list-style-type: none"> • Diabetes Education 109 	

**12. Maintaining Glucose Control Postdischarge: An Effective
Transition to Outpatient Diabetes Management 118**

Sonia R Freitas

- Continuum of Diabetes Care—Inpatient to Outpatient 118
- Redefining Clinical Targets for Treatment 119
- Barriers to Postdischarge Follow-up 121
