

Section-A: Basics: Interventional Pain Management

- Understanding of Basis of Radiological Imaging
- Radiological Anatomy of Spine
- Understanding of Radiological Imaging for Pain Physician
- Role of Electrodiagnosis in the Management of Pain
- Pharmacotherapy of Drugs used in Interventional Pain Treatment Procedures
- Radio Frequency Ablation: Physical Principles and Mode of Action

Section-B: Documentation and Protocols

- Informed Consent for Interventional Pain Procedures
- Role of Investigations in Interventional Pain Treatment Procedures (Iptps)
- Protocol for Interventional Pain Procedures: A Suggested Format
- Evaluation of Chronic Pain Patient
- Stimulation Guided Pain Mapping

Section -C: Head and Neck

- Trigeminal Nerve Block
- Maxillary Nerve Block
- Mandibular Nerve Block
- Sphenopalatine Ganglion Block
- Glosso Pharyngeal Nerve Block
- Stellate Ganglion Block
- Occipital Nerve Stimulation

Section D: Chest and Thorax

- Supra Scapular Nerve Block
- Inter Costal Nerve Block
- Intra Pleural Block

Section E: Abdomen and Pelvis

- Coeliac Plexus Block
- Splanchnic Nerve Block
- Lumbar Sympathetic Block
- Hypogastric Plexus Block
- Ganglion of Impar Block

Section F: Spine and Back

- Cervical Epidural Block (Inter Laminar Approach)
- Cervical Transforaminal Epidural Block
- Cervical Medial Branch Blocks and Radiofrequency Neurotomy
- Cervical Median Branch Block
- Lumbar and Caudal Epidural Blocks
- Lumbar Facet and Median Branch Block
- Lumbar Pexus Block
- Thoracic Paravertebral Block
- Sacroliac Joint Radiofrequency Denervation
- Coccygeal Nerve Block
- Obturator Nerve Block

- Piriformis Muscle and Tendon Block
- Popliteal Block of the Sciatic Nerve
- Ileo Inguinal Nerve Block
- Genicular Nerve Block and RF for Knee Pain

Section-G: Advanced Pain Management

- Percutaneous Adhesiolysis for Failed Back Surgery Syndrome and Other Applications
- Epiduroscopy for Patients with Lumbosacral Radicular Pain
- Spinal Cord Stimulation
- Discography
- IDET
- Vertebroplasty and Kyphoplasty
- Nucleoplasty
- Ozone Nucleolysis
- Percutaneous Transforaminal Endoscopic Lumbar Discectomy
- Intrathecal Implantable devices
- Subarachnoid or Intrathecal Neurolysis
- Percutaneous Cervical Cordotomy for Cancer Pain
- Radio Frequency Ablation of Spinal Metastasis

Section H- USG Guided Procedures

- USG vs Fluoroscopy Guidance in Interventional Pain Management
- Introduction to US Guided Blocks
- US Guided Greater Occipital and Third Occipital Nerve Block
- US Guided Cervical MBB
- US Guided Shoulder Injections
- US Guided Thoracic Para Vertebral blocks
- US Guided Lumbar Median Branch Block
- US Guided Sacro Iliac Joint Block
- US Guided Hip Injections
- US Guided Blocks Knee Injections

Section I -Alternate Therapies

- Intramuscular Stimulation (IMS) or Dry Needling (DN)
- Myofascial Pain Syndrome & Trigger Point Injections
