Chapter 1: History Taking in ENT	1
Chapter 2: History and Examination of Ear	5
Chapter 3: History and Examination of Nose and Paranasal Sinuses	36
Chapter 4: Examination of Oral Cavity	60
Chapter 5: Examination of Salivary Glands	68
Chapter 6: Examination of Tonsil and Pharynx	70
Chapter 7: Examination of Larynx	76
Chapter 8: Examination of Neck (Excluding the Thyroid Gland)	93
Chapter 9: Examination of Thyroid Gland	100
Chapter 10: Examination of Cranial Nerves	104
Chapter 11: X-rays in ENT	112
Chapter 12: Informed Consent	117
Chapter 13: Operations in ENT	119
❖ Tonsillectomy 119	
❖ Adenoidectomy 123	
❖ Mastoidectomy 124	
❖ Tympanoplasty 127	
❖ Myringotomy 130	
❖ Tracheostomy 131	
❖ Esophagoscopy 137	
❖ Bronchoscopy 139	
❖ Laryngoscopy 141	
❖ Antral Puncture Washout 142	
❖ Rules of Correct Aseptic Surgical Procedure 143	
Chapter 14: Audiology	150
❖ Pure Tone Audiometry 152	
❖ Impedance Audiometry (Tympanometry) 156	
Chapter 15: Calorimetry	160
Chapter 16: Applied Anatomy of Bones	163
Chapter 17: Instruments	168
❖ Index of ENT Instruments 168	
❖ Bull's Eye Lamp 171	
❖ Instruments for Tonsil and Throat Surgery 173	
❖ Instruments for Nasal and Sinus Surgery 178	
❖ Instruments for Ear Surgery 185	
❖ Instruments for Larynx, Trachea and Esophagus 192	

xiv Contents

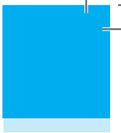

Chapter 18: Frequently Asked Questions (FAQs)	198
❖ Ear	198
❖ Nose and Sinuses	206
❖ Tonsil	215
❖ Larynx	221
❖ Cranial Nerves	223
Chapter 19: Case Presentation in ENT	225
<i>Index</i>	231

Competency Table

Number	The student should be able to:	Core (Y/N)	Chapter	Page Number
EN2.1	Elicit document and present an appropriate history in a patient presenting with an ENT complaint	Y	1 to 10	1-111
EN2.2	Demonstrate the correct use of a headlamp in the examination of the ear, nose and throat	Y	17	171-172
EN2.3	Demonstrate the correct technique of examination of the ear including Otoscopy	Y	2, 17	5 to 35, 172
EN2.4	Demonstrate the correct technique of performance and interpret tuning fork tests	Y	2	21-23
EN2.5	Demonstrate the correct technique of examination of the nose and paranasal sinuses including the use of nasal speculum	Y	3, 17	36-59, 172
EN2.6	Demonstrate the correct technique of examining the throat including the use of a tongue depressor	Y	4, 5, 6	60-67, 68-69, 70-75
EN2.7	Demonstrate the correct technique of examination of neck including elicitation of laryngeal crepitus	Y	7, 8, 9	76-92, 93-99, 100-103
EN2.8	Demonstrate the correct technique to perform and interpret pure tone audiogram and impedance audiogram	Y	14	150-159
EN2.9	Choose correctly and interpret radiological, microbiological and histological investigations relevant to the ENT disorders	Y	11	112-116
EN2.10	Identify and describe the use of common instruments used in ENT surgery	Y	17	171-197
EN2.12	Counsel and administer informed consent to patients and their families in a simulated environment	Y	12	117-118
EN2.13	Identify, resuscitate and manage ENT emergencies in a simulated environment (including tracheostomy, anterior nasal packing, removal of foreign bodies in ear, nose, throat and upper respiratory tract)	Y	3, 13	42-45, 131-137, 146-147
EN2.14	Demonstrate the correct technique to instilling topical medications into the ear, nose and throat in a simulated environment	Y	13	147-148
EN3.1	Observe and describe the indications for and steps involved in the performance of Otomicroscopic examination in a simulated environment	N	2	34-35
EN3.2	Observe and describe the indications for and steps involved in the performance of diagnostic nasal Endoscopy	N	13	145-146
EN3.3	Observe and describe the indications for and steps involved in the performance of Rigid/Flexible Laryngoscopy	N	13	141-142
EN3.4	Observe and describe the indications for and steps involved in the removal of foreign bodies from ear, nose and throat	N	13	146-147
EN3.5	Observe and describe the indications for and steps involved in the surgical procedures in ear, nose and throat	N	13	119-149
EN3.6	Observe and describe the indications for and steps involved in the skills of emergency procedures in ear, nose and throat	N	3, 13	42-45, 131-142, 146-147

xvi Competency Table

Number	The student should be able to:	Core (Y/N)	Chapter	Page Number
EN4.2	Elicit document and present a correct history, demonstrate and describe the clinical features, choose the correct investigations and describe the principles of management of diseases of the external Ear	Y	2	11 to 15
EN4.3	Elicit document and present a correct history, demonstrate and describe the clinical features, choose the correct investigations and describe the principles of management of ASOM	Y	2	29-30
EN4.4	Demonstrate the correct technique to hold visualize and assess the mobility of the tympanic membrane and its mobility and interpret and diagrammatically represent the findings	Y	2	15-20
EN4.6	Elicit document and present a correct history, demonstrate and describe the clinical features, choose the correct investigations and describe the principles of management of Discharging ear	Y	2	6-7, 26-27
EN4.7	Elicit document and present a correct history demonstrate and describe the clinical features, choose the correct investigations and describe the principles of management of CSOM	Y	2	26-28
EN4.8	Elicit document and present a correct history, demonstrate and describe the clinical features, choose the correct investigations and describe the principles of management of squamosal type of CSOM	Y	2	31-34
EN4.9	Demonstrate the correct technique for syringing wax from the ear in a simulated environment	Y	13	148-149
EN4.10	Observe and describe the indications for and steps involved in myringotomy and myringoplasty	Y	13	127-130
EN4.11	Enumerate the indications, describe the steps and observe mastoidectomy	Y	13	124-126
EN4.12	Elicit document and present a correct history demonstrate and describe the clinical features, choose the correct investigations and describe the principles of management of Hearing loss	Y	2	7
EN4.16	Observe and describe the indications for and steps involved in the performance of pure tone audiometry	Y	14	152
EN4.17	Enumerate the indications and interpret the results of an audiogram	Y	14	153-155
EN4.18	Describe the clinical features, investigations and principles of management of Facial Nerve palsy	Y	2, 10	9, 107-110
EN4.19	Describe the clinical features, investigations and principles of management of Vertigo	Y	2	7 to 8
EN4.21	Describe the clinical features, investigations and principles of management of Tinnitus	Y	2	8 to 9
EN4.22	Elicit document and present a correct history demonstrate and describe the clinical features, choose the correct investigations and describe the principles of management of squamosal type of Nasal Obstruction	Y	3	36-37

Number	The student should be able to:	Core (Y/N)	Chapter	Page Number
EN4.23	Describe the clinical features, investigations and principles of management of DNS	Y	3	48
EN4.24	Enumerate the indications, observe and describe steps in the septoplasty	Y	3	49-50
EN4.25	Elicit document and present a correct history, demonstrate and describe the clinical features, choose the correct investigations and describe the principles of management of squamosal type of Nasal Polyps	Y	3	53-54
EN4.26	Elicit document and present a correct history, demonstrate and describe the clinical features, choose the correct investigations and describe the principles of management of squamosal type of Adenoids	Y	6-13	74-75, 123
EN4.27	Elicit document and present a correct history, demonstrate and describe the clinical features, choose the correct investigations and describe the principles of management of squamosal type of Allergic Rhinitis	Y	3	38-39
EN4.28	Elicit document and present a correct history, demonstrate and describe the clinical features, choose the correct investigations and describe the principles of management of squamosal type of Vasomotor Rhinitis	Y	3	37
EN4.30	Elicit document and present a correct history, demonstrate and describe the clinical features, choose the correct investigations and describe the principles of management of squamosal type of Epistaxis	Y	3	40-45
EN4.32	Describe the clinical features, investigations and principles of management of nasopharyngeal Angiofibroma	Y	3	56
EN4.33	Elicit document and present a correct history demonstrate and describe the clinical features, choose the correct investigations and describe the principles of management of squamosal type of Acute and Chronic Sinusitis	Y	3	57-58
EN4.39	Elicit document and present a correct history, demonstrate and describe the clinical features, choose the correct investigations and describe the principles of management of squamosal type of Acute and Chronic Tonsillitis	Y	6	71-73
EN4.40	Observe and describe the indications for and steps involved in a tonsillectomy / adenoidectomy	Y	13	119-123
EN4.42	Elicit, document and present a correct history, demonstrate and describe the clinical features, choose the correct investigations and describe the principles of management of hoarseness of voice	Y	7	84-87
EN4.44	Describe the clinical features, investigations and principles of management of Benign lesions of the vocal cord	Y	7	78, 80-84
EN4.45	Describe the clinical features, investigations and principles of management of Vocal cord palsy	N	7	84-87
EN4.46	Describe the clinical features, investigations and principles of management of Malignancy of the Larynx and Hypopharynx	Y	7	90-92

**xviii** Competency Table

Number	<i>The student should be able to:</i>	Core (Y/N)	Chapter	Page Number
EN4.49	Elicit document and present a correct history, demonstrate and describe the clinical features, choose the correct investigations and describe the principles of management of foreign bodies in the air and food passages	Y	13	137-141
EN4.50	Observe and describe the indications for and steps involved in tracheostomy	Y	13	131-137
EN4.51	Observe and describe the care of the patient with a tracheostomy	Y	13	133-135
