1. Premarital Counseling	1
<i>Ameet S Patki, Mrinmayi Dharmadhikari</i>	
Important Topics for a Counseling Session	1
2. First Trimester Biochemical Screening	8
<i>Anita Singh, Sangam Jha</i>	
• Pregnancy-associated Plasma Protein A	8
• Beta-Human Chorionic Gonadotropin	9
• Alpha-Fetoprotein	11
• Placental Growth Factor	11
• Soluble FMS-like Tyrosine Kinase-1	13
• A Disintegrin and Metalloproteinase	13
• Galectin 13 or Placental Protein 13	14
• Hypoxia-Inducible Factor-1	14
• Serum Analytes in Chromosomal Aneuploidy	15
• Serum Analytes in Preeclampsia	16
3. Thyroid Disorders in Pregnancy	23
<i>JB Sharma, Anubhuti Rana</i>	
• Hypothyroidism in Pregnancy	24
• Hyperthyroidism in Pregnancy	27
• Postpartum Thyroiditis	29
• Evaluation of Thyroid Nodule during Pregnancy	30
4. Induction of Labor	33
<i>Parag Biniwale, Rony Chakravarty</i>	
• Definition	33
• Indications	33
• Contraindications of Induction of Labor	34
• Risks	35
• Prerequisites and Preinduction Assessment	35
• Cervical Favorability	35
• Methods of Cervical Ripening and Induction of Labor in Unfavorable Cervix	36
5. Current Management of Hyperglycemia in Pregnancy	43
<i>Vidya A Thobbi</i>	
• Definitions	43
• Preconception Counseling and Care	44
• Screening	45
• Complications Associated with Hyperglycemia in Pregnancy	49
• Management of Hyperglycemia in Pregnancy	49
• Medical Nutrition Therapy	51
• Exercise in Gestational Diabetes Mellitus	52
• Medical Management of Gestational Diabetes Mellitus	53
• Insulin Requirement in Pregnancy	56
• Continuous Subcutaneous Insulin Infusion Pump in Pregnancy	56
• Metformin versus Insulin Therapy	58
• Fetal Surveillance in a Pregnant Woman with Gestational Diabetes Mellitus	60

- Management of Selected Antenatal Complications 60
- Cesarean Section 62
- Postpartum Care 62
- Neonatal Care 65
- Integration of Guidelines with Comprehensive Primary Care Services 67

6. Relevance of Bariatric Surgery in Obesity Management.....68

Pratik Tambe, Pooja Bandekar

- Prerequisites 68
- Preoperative Evaluation for Bariatric Surgery 69
- Types of Procedures 69
- Follow-up after Bariatric Surgery 76
- Supplementation after Bariatric Surgery 76
- Comparison of Outcomes for Bariatric Surgical Procedures 76
- Long-term Impact 77

7. Newborn Screening81

Meena Samant

- Principles and Criteria of Screening 81
- Programs Throughout the World 82
- Indian Perspective 82
- Neonatal Screening Procedure 82
- Role of Health Professionals 83
- Screening for Specific Disorders 84
- Inborn Errors of Metabolism 84

8. Preventing Maternal Mortality in PPH.....91

Haresh Doshi, Ami Shah

- Prevention of Postpartum Hemorrhage 92
- Etiology 93
- Diagnosis 93
- Management 94
- Trauma 100
- Tissue 100
- Thrombus 100
- Secondary Postpartum Hemorrhage 101

9. Neonatal Resuscitation 105

Parmarth Chandane, Deepali Kale, Alpa Bhosale

- Anticipation of Resuscitation Need 108
- Initial Steps 108
- Human Factors and Systems 110

10. Modern Methodology in Cervical Cancer Screening 115

Bhagyalaxmi Nayak, SK Giri

- Human Papillomavirus Testing as the Primary Screening Method 115
- Screening Methods Utilizing Human Papillomavirus Diagnostics 116
- Screening Strategies Identifying Epigenetic Changes 120
- Screening Methods Utilizing Proliferation Markers 121
- Future of Cervical Cancer Screening 126

11. Robotics in Gynecology..... 129

Aswath Kumar, Megha Jayaprakash, Shameema Anvarsadath

- History and Development 129
- Training 129

- Robot and Instruments 130
- Patient Positioning 137
- Trocar Placement 137
- Robotic Laparoendoscopic Single-Site Surgery 139
- Robotic Simple Hysterectomy 140
- Eligibility 141
- Preparation and Procedure 141
- Postoperative Period 143
- Other Applications 143
- Complications of Robotic Surgery 145
- Challenges 145

12. New Guidelines for Ovarian Stimulation 147

Nandita Palshetkar, Pratik Tambe

- Basic Principles 147
- Which Stimulation Protocol is most Efficient and Safe? 148
- Luteinizing Hormone Suppression 150
- Preferred Stimulation Drugs 150
- Adjuvant Therapy 151
- Criteria for Triggering 151
- Preventing Ovarian Hyperstimulation Syndrome 153

13. Drug Update: Current Status of Letrozole 156

Krishnendu Gupta, Pratik Tambe

- Pharmacology Basics and Historical Aspects 156
- Controversies Regarding Fetal Abnormalities 157
- Ovulation Induction, Timed Intercourse and Intrauterine Insemination 158
- Unexplained Infertility 159
- Combination Therapy 160
- Emerging Areas 160
- Frozen Embryo Transfer Cycles 161
- Fertility Preservation 161

14. Fertility Enhancing Laparoscopic Surgery 165

Damodar Rao, Soumya S, Asha R Rao

- Laparoscopic Surgery for Endometriosis-associated Infertility 165
- Laparoscopic Myomectomy and Adenomyomectomy 170
- Endoscopic Tubal Surgery 176
- Laparoscopic Ovarian Drilling 177

15. New Paradigm in Medical Management of Endometriosis 181

T Ramani Devi, Deepa Mukhundhan

- Theories on Pathogenesis of Endometriosis 181
- Epidemiological Factors and Molecular Mechanisms Involved in Endometriosis Development 182
- Treatment Goals 183
- Newer Strategies in the Medical Management of Endometriosis 188
- Future Therapies 190
- Alternate Treatment Modalities 192
- Future Direction 192

16. Laparoscopic Morcellation: Alternatives 196

Parul Kotdawala, Mala Raj

- Mechanical Morcellation 198
- Contained Morcellation 201

17. Pre-ART Hysteroscopy.....	209
<i>Rohan Palshetkar, Jiteeka Thakkar, Mayuri More</i>	
Conditions for Pre-ART Hysteroscopy	210
18. Management of Thin Endometrium.....	214
<i>Sonia Malik, Esha Khanuja</i>	
• Assessing the Endometrium	214
• Causes of Thin Endometrium	214
• Effect of Thin Endometrium on Pregnancy Rate in Assisted Reproductive Technology Cycles	215
• Modalities for Treatment of Thin Endometrium	216
19. Next Gen Sequencing: The Future of Reproductive Genetics.....	222
<i>Hrishikesh Pai, Nandita Palshetkar</i>	
• Chromosomal Abnormalities	222
• Noninvasive Chromosomal Screening	222
• Traditional Screening Methods	223
• Next Gen Sequencing	223
• Technicalities	224
• Success Stories	224
20. Internal Iliac Artery Ligation.....	226
<i>Rajendrasing Pardeshi, Bhagyashri Ranjwan</i>	
• Anatomy of Internal Iliac Artery	226
• Clinical Aspect of Internal Artery	229
• Methods of Internal Iliac Ligation	232
• Procedure of Internal Iliac Artery Ligation	235
• Complications of IIAL	239
• Advantages of IIAL	239
• Steps of IIAL Procedure in Short	242
• Advice	242
21. Emerging Role of the Microbiome	243
<i>Pratap Kumar, Anjali Suneel Mundkur</i>	
• Importance of Microbiome	243
• Microbiome Hologenome Concept and Symbiosis	244
• Vaginal Microbiome	244
• Microbiome and Effects on the Human Reproductive System in Maintaining Homeostasis and Development of Diseases	245
• Fertility and Influence of the Microbiome	245
• Microbiome and Pregnancy—Mother or Father to Offspring: Who Matters Most!	246
Index	251
