

Contents

Chapter 1	Overview of Postgraduate Pharmacology	1
Chapter 2	General Pharmacology	5
	Section 1: Important Topics	5
	Section 2: Short Description	6
	Section 3: Clinical Pharmacokinetics	32
	Section 4: Exploring Pharmacokinetic Models	40
Chapter 3	Systemic Pharmacology	55
	Section 1: Important Topics	55
	Section 2: Short Description	58
	Section 3: Standard Treatment Guideline	85
	Section 4: Emergency Management	95
Chapter 4	Experimental Pharmacology	112
	(Dedicated to the Laboratory Animals involved in Research)	
	Section 1: Topics on Experimental Pharmacology	112
	Section 2: Short Description	113
	Section 3: Animal Experiment	124
	Section 4: Drug Screening	133
	Section 5: FAQ (Experimental Pharmacology)	154
Chapter 5	Research Methodology and Biostatistics	167
	Section 1: Important Topics	167
	Section 2: Short Description	168
	Section 3: Sampling	220
	Section 4: Sample Size Calculation	227
	Section 5: Evaluation of Measurement Tool in Research	231
	Section 6: Frequently Asked Questions on Biostatistics	237
	Section 7: Problems Based on Biostatistics	245
Chapter 6	Analytical Pharmacology	250
	Section 1: Important Topics	250
	Section 2: Short Descriptions	251

Chapter 7	Practical on Clinical Pharmacology	258
	Section 1: Causality Assessment	258
	Section 2: Protocol Writing	265
	Section 3: Informed Consent	267
	Section 4: Drug Information Sheet (WHO)	269
	Section 5: Prescription	270
	Section 6: Human Experiments	277
	Section 7: Problems on Clinical Pharmacokinetics	284
	Section 8: Skills on Statistical Calculation	289
	Section 9: Critical Evaluation of Drug Promotion Literature	295
	Section 10: Pharmaco/Hemo/Materiovigilance	298
Chapter 8	Clinical Pharmacology and Recent Advances (Dedicated to human research participant)	306
	Section 1: Important Topics	306
	Section 2: Short Descriptions	308
	Section 3: Vaccines	346
	Section 4: Coronavirus Disease-2019	355
Chapter 9	Thesis Defending	363
	Section 1: Short Descriptions	363
	Section 2: Frequently Asked Question on Thesis Presentation	365
Chapter 10	Publication	367
	Section 1: Short Description	367
	Section 2: Scientific Writing Through Frequently Asked Questions	376
Chapter 11	Instruments and Uses	386
	Section 1: Instruments	386
	Section 2: Principles and Uses of Instruments	391
	Annexures	393
	Annexure 1: Pharmacovigilance Programme of India (PvPI) Adverse Drug Reaction (ADR) reporting form for healthcare professionals (HCPs)	393
	Annexure 2: Informed Consent Form	394
	Annexure 3: Patient Information Sheet	395
	Annexure 4: Transfusion Reaction Reporting Form (TRRF) For Blood and Blood Components and Plasma Products	397
	Annexure 5: Medical Device Adverse Event Reporting Form	399
	Index	403
