Section 1: Introduction to ICF, Disability Guidelines According to WHO

Chapter 1: International Classification of Functioning, Disability and Health	1
<i>Shyam D Ganvir</i>	
❖ Aims	2
Chapter 2: Disability, its Types, Guidelines for Permanent Physical Impairment and Disability Certification	5
<i>Shyam D Ganvir, Saqib Syed</i>	
❖ Disability	5
❖ Guidelines for Permanent Physical Impairment (PPI)	6
❖ Disability Certification	7
Chapter 3: Disability Models and Acts	9
<i>Shyam D Ganvir</i>	
❖ Moral Models of Disability	9
❖ Biomedical Model of Health	9
❖ Medical Model of Disability	10
❖ Rehabilitation Model	10
❖ Social Model of Disability	10
❖ Acts	11
Chapter 4: Disability: Prevention, Management and Rehabilitation	17
<i>Shyam D Ganvir, Deepti C Thokal</i>	
❖ Preventing Disability	17
❖ Primary Prevention	17
❖ Secondary Prevention	18
❖ Tertiary Prevention	19
❖ Management and Treatment of Disability	19
❖ Rehabilitation of Disabled People	19
❖ Sociovocational	21
❖ Institution-based Rehabilitation	22
❖ Community-based Rehabilitation	22
❖ Home-based Rehabilitation Program	23
Chapter 5: Home Exercise Programs for Various Classification of Disabilities	25
<i>Shyam D Ganvir, Arijit Kumar Das</i>	
❖ Orthosis Use	34
❖ Geriatric Home-based Rehabilitation	35
❖ Summary	38
❖ Wheelchair Transfer Techniques	38

Section 2: Community-based Rehabilitation

Chapter 6: Community Development	41
<i>Shwetaanjali Bhagra</i>	
❖ Definition of Community Development	42
❖ The History of Community Development	42
❖ Principles of Community Development	42
❖ Values of Community Development	43
❖ Characteristics of Community Development	43
❖ Objectives of Community Development	43
❖ Components of Community Development	44
❖ The Method and Process of Community Development	44
❖ Steps for Initiating Community Development	46
❖ Types of Community	48
❖ Types of Community Development Programs	48
❖ Effective Approaches to Community Development	49
❖ Importance of Community Development	49
❖ Role of Community Development Worker/Community Developer	50
❖ The Role of Physiotherapists in Community Development	51
Chapter 7: The Link Between Institution-based Rehabilitation and Community-based Rehabilitation	53
<i>Shwetaanjali Bhagra</i>	
❖ Institutional Rehabilitative Strategies	53
❖ Institutional Rehabilitation Programs	54
❖ Links Between CBR and IBR	55
❖ Gaps to be Filled by Local NGOs	56
Chapter 8: Principles and Role of Community in Rehabilitation	58
<i>Shubhangi Patil</i>	
❖ Definition of Rehabilitation	59
❖ Goals of Rehabilitation	59
❖ Objectives of Rehabilitation	60
❖ Types of Rehabilitation	60
❖ The Rehabilitation Team	62
❖ Community-based Approach	65
❖ Outreach Program for Rehabilitation	70
❖ Principles of Rehabilitation	70
❖ Role of Community in Rehabilitation	71
Chapter 9: Evidence Based in Community Physiotherapy	74
<i>Shrikant Bhimrao Darade</i>	
❖ Goals of EBP in Community Physiotherapy	76
❖ Steps in Evidence-based Community Physiotherapy	76
❖ Challenges to Implement EBP in Community Physiotherapy	79
❖ Strategies for Effective Evidence-based Practice	79
❖ Methodology for EBP in Community Physiotherapy	81

Section 3: Basic Concepts of National and International Legislation for Persons with Disability

Chapter 10: Role of National Institutes, District Rehabilitation Center and Primary Health Center	83
<i>Deepali Nivrutti Hande</i>	
❖ Primary Healthcare Centers	84
❖ De-worming	86
❖ District Disability Rehabilitation Center	87
Chapter 11: Appropriate Technology, Assistive Devices Used for Disabled	96
<i>Shyam D Ganvir, Pratima Sarwadikar</i>	
❖ Appropriate Technology	96
❖ Assistive Technology	96
❖ Assistive Devices	97
❖ Home Automation	98
❖ Assistive Technology in Diabetic Foot	99
Chapter 12: Schemes and Legislations for Person with Disabilities	100
<i>Nitin Suhas Nikhade, Pradnya Dumore</i>	
❖ Provisions for Persons with Disabilities in Constitution of India	101
❖ National Policy for Persons with Disabilities	102
❖ International Legislations for People with Disability	119
Chapter 13: Accessibility for Persons with Disability	123
<i>Shyam D Ganvir, Deepak B Anap</i>	
❖ Handrails	131
Chapter 14: The UN Convention on the Rights of Person with Disabilities	137
<i>Shyam D Ganvir, Sonyabapu Shewale</i>	
❖ Article 1	137
❖ Article 2	137
❖ Article 3	138
❖ Article 4	138
❖ Article 5	139
❖ Article 6	140
❖ Article 7	140
❖ Article 8	140
❖ Article 9	141
❖ Article 10	141
❖ Article 11	141
❖ Article 12	142
❖ Article 13	142
❖ Article 14	142
❖ Article 15	143
❖ Article 16	143
❖ Article 17	143
❖ Article 18	144

❖ Article 19	144
❖ Article 20	144
❖ Article 21	145
❖ Article 22	145
❖ Article 23	145
❖ Article 24	146
❖ Article 25	147
❖ Article 26	148
❖ Article 27	148
❖ Article 28	149
❖ Article 29	149
❖ Article 30	150
❖ Article 31	151
❖ Article 32	151
❖ Article 33	151
❖ Article 34	152
❖ Article 35	153
❖ Article 36	153
❖ Article 37	154
❖ Article 38	154
❖ Article 39	154
❖ Article 40	155
❖ Article 41	155
❖ Article 42	155
❖ Article 43	155
❖ Article 44	155
❖ Article 45	156
❖ Article 46	156
❖ Article 47	156
❖ Article 48	157
❖ Article 49	157
❖ Article 50	157

Chapter 15: Early Identification and Intervention for Detection of Disability

158

Suvarna S Ganvir, Maheshwari Harishchandre

❖ Definition by WHO	158
❖ Locomotor Disability	159
❖ Evaluation of Disability	159
❖ Locomotor Disability	160
❖ Disability Evaluation of Spine	161
❖ Upper Limb Levels Percentage of Amputations	163
❖ Lower Limb Levels Percentage of Amputations	164
❖ Early Intervention Strategy	166
❖ Physiotherapist	170

Section 4: Elderly Individuals and their Services

Chapter 16: Health Care and Fitness	171
<i>Ashish Wasudeorao Bele</i>	
❖ National Healthcare Delivery System	171
❖ Legal Rights and Benefits Related to Health	180
❖ Principles of Fitness Training	189
❖ Strategies of Health Fitness for Women and Geriatric	192
Chapter 17: Geriatric Rehabilitation	198
<i>Shyam D Ganvir, Pratima Sarwadikar</i>	
❖ Rehabilitation for Specific Conditions	206
❖ Arthritis and Related Musculoskeletal Problems	206
❖ Stroke	207
❖ Cardiac Disease	208
❖ Hip Fracture	208
❖ Amputation	208
❖ Deconditioning, Sarcopenia, and Frailty	209
❖ Falls	209
❖ Pain	210
Chapter 18: Elderly in India	224
<i>Shyam D Ganvir, Abhijit D Diwate</i>	
❖ Aging	224
❖ Theories of Aging	225
❖ Policy and Programs for the Welfare of Elderly in India	226
❖ International Day for Older Persons and National Awards: Vayoshreshtha Samman	229
❖ National Council for Older Persons/National Council of Senior Citizens	229
❖ The National Policy on Older Persons	230
❖ Benefits Extended by Other Central Ministries for the Welfare of Senior Citizens	230
❖ Legislations	233
Chapter 19: Wheelchair Management	235
<i>Shyam D Ganvir</i>	
❖ Wheelchair Users	235
❖ Need for Wheelchairs	235
❖ Rights to Wheelchairs	235
❖ Benefit of Wheelchairs	236
❖ Health and Quality of Life	236
❖ Economy	237
❖ Parts of Wheelchair	239
❖ Wheelchair Services	239
❖ Pressure Sore	245
❖ Appropriate Wheelchair	247
❖ Wheelchair Specifications	250

❖	Cushion	252	
❖	Wheelchair Fitting	257	
❖	Transfers	262	
❖	Wheelchair to Bed	263	
❖	Wheelchair to Bed by Placing Legs on the Bed	263	
❖	Assisted Standing Transfer	264	
❖	Transfer Board	265	
❖	Emotional Health Problems	266	
❖	Energy and Emotions	266	
❖	General Health	268	
Chapter 20:	Environment Modifications for People with Disabilities and Elderly Individuals		270
	<i>Deepti Nandlal Wadhwa</i>		
❖	Access to Building	270	
❖	Controls and Operating Mechanisms	275	
Chapter 21:	Integrated Treatment Approach for Neuromuscular Dysfunction in Elderly		279
	<i>Sanjivani Kamble</i>		
❖	Ageing	279	
❖	Common Health Issues that Come with Ageing	279	
❖	The Brain's Aging	279	
❖	Key Elements of the Assessment of Neurologic Examination in Geriatric Population	280	
❖	Integrated Treatment Approach for Neuromuscular Dysfunction in Elderly	280	
❖	Health Advantages of Integrated Treatment Approach	283	
❖	What to Look for in a Long-term Care Setting for Integrated Therapy	283	
Appendices			
	Appendix 1: Geriatric Assessment	285	
	Appendix 2: Orthosis Prescription Assessment	291	
	Appendix 3: Prosthesis Prescription Assessment	295	
	Appendix 4: Short Falls Efficacy Scale—International	302
