

Contents

SECTION I: ENT Examination

Section Editor: Rabindra B Pradhananga

1. Examination of the Ear, Nose and Throat3

Rabindra B Pradhananga

- General Instruments and Equipment for ENT 3
- Specific Instruments and Equipment for ENT Examination 3

SECTION II: The Ear

Section Editor: Rabindra B Pradhananga

2. Anatomy of the Ear, Facial Nerve and Eustachian Tube.....7

Kripa Dongol

- External Ear 7
- Middle Ear Cleft 8
- Inner Ear 11
- Facial Nerve 15

3. Physiology of Auditory and Vestibular System18

Shankar Shah

- Physiology of Hearing 18
- Mechanism of Hearing 18
- Physiology of Equilibrium 20

4. Symptoms of Ear Diseases22

Pabina Rayamajhi Rana

- Earache (Otalgia) 22
- Hearing Loss 23
- Discharge 23
- Vertigo 23
- Tinnitus 24
- Facial Nerve Paralysis 24
- Itching/Irritation 24
- Others 24
- Symptoms Suggestive of Possible Complications due to Otitis Media 24

5. Clinical Assessment of Patients with Auditory and Vestibular Diseases25

Pabina Rayamajhi Rana

- Auricle, External Auditory Canal and Surrounding Area 25
- Tympanic Membrane 26
- Hearing Tests 27
- Fistula Test 29
- Eustachian Tube Function 29
- Facial Nerve 30
- Nystagmus 30

- Standing Test 30
- Dix-Hallpike Maneuver 30

6. Investigations for Ear Diseases.....32

Sanjeev Thakur

- Audiological Investigations 32
- Vestibular Investigations 35
- Radiological Investigations 36

7. Diseases of the External Ear38

Bishow Tulachan

- Diseases of the Auricle 38
- Diseases of the External Auditory Canal 39

8. Diseases of the Middle Ear: Otitis Medias, Myringitis, Eustachian Tube Disorders46

Bikash Shrestha

- Infections of the Tympanic Membrane (TM) 46
- Infections of the Middle Ear Cleft 46
- Eustachian Tube Dysfunction 54

9. Complications of Otitis Media56

Monika Pokhrel

- Routes of Spread 56
- Extracranial Complications 56
- Intracranial Complications 58

10. The Mastoidectomy Operation60

Rakesh Prasad Shrivastav

- Canal Down Mastoidectomy 60
- Canal Up Mastoidectomy 61

11. Traumatic Injury to the Ear63

Anupama Shah Rijal

- Physical Trauma 63
- Barotrauma 64

12. Otosclerosis.....66

Rakesh Prasad Shrivastav

- Definition 66
- Types 66
- Pathology 66
- Characteristic Features of Otosclerosis 66
- Clinical Features 66
- Investigations 67
- Treatment 67

13. Neoplasms of the Middle Ear and Mastoid.....69

Dipesh Shakya

- Glomus Tumor 69
- Osteoma 69
- Middle Ear Adenoma 70
- Choristomas 70
- Hemangiomas 70

• Langerhans Cell Histiocytosis 70 • Peripheral Nerve Sheath Tumors 70 • Malignant Tumors 70 • Management 71	
14. Diseases of the Inner Ear and Tinnitus72	
<i>Hari Bhattarai</i>	
• Inflammatory Diseases 72 • Trauma 73 • Neoplasms 75 • Autoimmune Diseases 75 • Others 75 • Tinnitus 79	
15. Ototoxicity81	
<i>Hari Bhattarai</i>	
• Clinical Features 81 • Common Ototoxic Drugs 81 • Treatment of Ototoxicity 81	
16. Vertigo and its Differential Diagnosis83	
<i>Yogesh Neupane</i>	
• Definition 83 • History 83 • Causes of Vertigo 84 • Examination 84 • Investigations 84 • Diagnosis of Common Causes of Vertigo 84 • Treatment 84	
17. Rehabilitation of Hearing Impairment86	
<i>Pabina Rayamajhi Rana</i>	
• Hearing Aids 86 • Cochlear Implants 88 • Auditory Brainstem Implant 89	
18. Facial Nerve Anatomy and its Disorders90	
<i>Rabindra B Pradhananga</i>	
• Bell's Palsy (Idiopathic Facial Nerve Paralysis) 90	
SECTION III: The Nose, Paranasal Sinuses and Nasopharynx	
<i>Section Editor: Urmila Gurung</i>	
19. Anatomy of Nose, Paranasal Sinuses and Nasopharynx.....95	
<i>Meera Bista</i>	
• The Nose 95 • The Paranasal Sinuses 98 • Anatomy of Nasopharynx 101	
20. Physiology of the Nose, Paranasal Sinuses and Nasopharynx103	
<i>Tilak Raj Limbu</i>	
• The Nose 103 • The Paranasal Sinuses 104 • The Nasopharynx 105	
21. Symptomatology of Diseases of the Nose, Paranasal Sinus and Nasopharynx106	
<i>Shiva C Shahi</i>	
• Pain 106 • Nasal Obstruction 106 • Nasal Discharge 107 • Nasal Bleeding (Epistaxis) 107 • Sneezing 107 • Disorders of Smell 107 • Nasal Deformity 108 • Nasal Intonation of Voice (Rhinolalia) 108	
22. Clinical Examination of the Nose, Paranasal Sinuses and Nasopharynx109	
<i>Bhawana Dongol</i>	
• Inspection and Palpation of the External Nose, Orbit and the Face 109 • Palpation of the Paranasal Sinuses 109 • Assessment of Nasal Patency 110 • Inspection of the Nasal Vestibule 110 • Anterior Rhinoscopy 110 • Posterior Rhinoscopy 112 • Endoscopic Examination of the Nasal Cavity and Nasopharynx 113 • Examination of Other Relevant Areas 113	
23. Investigations for Diseases of the Nose, Paranasal Sinuses and Nasopharynx115	
<i>Kripa Dongol</i>	
• Nasal Endoscopy 115 • Radiology 116 • Angiography 117 • Biopsy 117 • Tests for Allergy 117 • Microbiology 118	
24. Diseases of the External Nose119	
<i>Sangita Regmi Chalise</i>	
• Infections of the External Nose and Nasal Vestibule 119 • Neoplasms of the External Nose 120 • Injuries to the External Nose 121 • Congenital Anomalies of the External Nose 121 • Others 121	
25. Noninfective Rhinitis: Allergic Rhinitis and Nonallergic Rhinitis123	
<i>Rishi Bhatta</i>	
• Allergic Rhinitis 123 • Nonallergic Rhinitis 126	
26. Rhinosinusitis129	
<i>Urmila Gurung</i>	
• Acute Rhinosinusitis 129 • Chronic Rhinosinusitis 131 • Procedures for Specific Sinuses 133 • Fungal Rhinosinusitis 134 • Acute or Fulminant Invasive Fungal Rhinosinusitis 134	

- Rhinosinusitis Secondary to Systemic Diseases 135
 - 27. Complications of Rhinosinusitis136**
Urmila Gurung
 - Orbital Complications 137
 - Intracranial Complications 137
 - Local Spread 138
 - Nasal Complications 138
 - Otological, Pharyngeal, Laryngeal and Pulmonary Complications 139
 - Distant Complications 139
 - 28. Diseases of Nasal Septum140**
Urmila Gurung
 - Septal Trauma 140
 - Septal Hematoma/Abscess 140
 - Deviated Nasal Septum 141
 - Septal Perforation 144
 - Septal Neoplasms 144
 - 29. Nasal Polyposis145**
Bibhu Pradhan
 - Introduction 145
 - Etiology 145
 - Types of Nasal Polyps 145
 - Differences between Antrochoanal and Ethmoidal Polyps 145
 - Investigations 147
 - Treatment 147
 - 30. Specific Chronic and Granulomatous Conditions and Other Diseases of the Nasal Cavity.....149**
Sriti Manandhar
 - Chronic Infections 149
 - Granulomatous Conditions of the Nose 152
 - Other Diseases 153
 - 31. Neoplasms of the Nasal Cavity and Paranasal Sinuses155**
Narmaya Thapa
 - Benign Neoplasms 155
 - Malignant Neoplasms 156
 - 32. Neoplasms of the Nasopharynx and Skull Base including Basic Principles of Skull Base Surgery159**
Narmaya Thapa
 - Nasopharyngeal Carcinoma 159
 - Juvenile Angiofibroma 160
 - Basics of Skull Base Surgery 161
 - 33. Nasal and Maxillofacial Trauma.....163**
Narmaya Thapa
 - Fracture of the Nasal Bone 163
 - Fracture of the Orbital Floor 164
 - Midfacial Fracture 164
 - Central—Maxillary, Nasal, Naso-orbitoethmoid Fractures 164
 - Lateral—Zygomaticomaxillary Complex Fracture (Tripod Fracture) 165
 - Fracture of the Mandible 165
 - 34. Epistaxis and its Management167**
Kripa Dongol
 - Classification 167
 - Etiology 167
 - Anterior versus Posterior Epistaxis 167
 - Key Sites of Bleeding 167
 - Management 168
 - 35. Facial Pain, Headache and Neuralgias172**
Sangeeta Shrestha
 - Primary Headaches 172
 - Secondary Headaches/Facial Pain 173
 - Pain of Vascular Origin 174
 - Neuropathies and Facial Pain 174
 - Atypical Facial Pain/Persistent Idiopathic Facial Pain 174
 - 36. Functional Endoscopic Sinus Surgery and Other Endoscopic Procedures176**
Bibhu Pradhan
 - Goals of Functional Endoscopic Sinus Surgery 176
- SECTION IV: The Oral Cavity and Head and Neck**
- Section Editor:* Sarita KC
- 37. Embryology and Applied Anatomy of the Oral Cavity181**
Dharma Kanta Baskota
 - Embryology 181
 - Applied Anatomy 181
 - 38. Physiology of the Oral Cavity: Perception of Taste Sensation, Formation and Functions of Saliva and Swallowing Mechanism183**
Prashant Tripathi
 - Perception of Taste Sensation 183
 - Saliva—Formation and Functions 184
 - Swallowing 184
 - Neural pathway 185
 - 39. Symptoms of Oral Cavity and Head and Neck Diseases186**
Prashant Tripathi
 - Oral Cavity 186
 - Head and Neck 187
 - 40. Clinical Examination of Oral Cavity and Head and Neck.....189**
Krishna Koirala
 - Oral Cavity 189
 - Head and Neck 190

41. Investigations for Oral Cavity and Head and Neck Diseases193

Prashant Tripathi

- Imaging 193
- Thyroid Hormone Assay 194
- Endoscopy (Sialendoscopy) 195
- Tests to Assess Taste Sensation 195
- Pathological Tests 195

42. Inflammatory Diseases of the Oral Cavity, Diseases of the Tongue and Immune Disorders of the Oral Cavity.....196

Bimal Kumar Sinha

- Inflammatory Diseases of the Oral Cavity 196
- Diseases of the Tongue 197
- Immune Disorders of the Oral Cavity 198

43. Neoplasms, Tumor-like Lesions and Premalignant Conditions of the Oral Cavity.....199

Dej Kumar Gautam

- Benign 199
- Tumor-like Lesions 199
- Premalignant Conditions 199
- Malignant Neoplasms 200
- Other Malignant Neoplasm 201

44. Oral Manifestations of Systemic Diseases.....203

Deepak Yadav

45. Infection of the Salivary Glands and Sialolithiasis.....204

Sarita KC

- Infections of the Salivary Glands 204
- Sialolithiasis 205

46. Neoplasms of the Salivary Glands.....207

Sarita KC

- Investigations for Salivary Neoplasm 207
- Benign Neoplasms 207
- Malignant Neoplasm 208

47. Neoplasms of the Thyroid Gland210

Sarita KC

- Thyroid Gland 210
- Solitary Thyroid Nodule 210
- Multinodular Goiter 211
- Malignant Neoplasms 211
- Classification of Malignant Neoplasms of the Thyroid 212

48. Non-neoplastic Diseases of the Thyroid Gland214

Bimal Kumar Sinha

- Investigations for Thyroid Lesions 214
- Infections/Inflammation of the Thyroid Gland 214
- Goiter (Nontoxic Goiter) 215
- Endocrine Disorders 216

49. Applied Anatomy and Diseases of Deep Neck Spaces and Parapharyngeal Space218

Deependra Shrestha

- Layers of Deep Cervical Fascia 218
- Classification of Deep Neck Spaces 218
- Retropharyngeal Space 219
- The Carotid Space 220
- Parapharyngeal Space 220
- Peritonsillar Space 221
- Submandibular Space 222
- Parotid Space 222
- Masticator Space 222
- Danger Space 222

50. Swellings of the Neck223

Anup Acharya

- Diagnosis of Neck Swellings 223
- Classification of Neck Swellings according to Site 223

SECTION V: The Pharynx and Larynx

Section Editor: Kunjan Acharya

51. Relevant Anatomy of the Pharynx229

Suman Dongol

- Anatomy of the Pharynx 229

52. Relevant Anatomy of the Larynx.....232

Namita Shrestha

- Spaces of Larynx 233
- Muscles of the Larynx 234
- Mucous Membrane of Larynx 235
- Pediatric Larynx 236

53. Physiology of the Pharynx and Larynx.....237

Bigyan Raj Gyawali

- Physiology of the Pharynx 237
- Physiology of the Larynx 237

54. Symptoms of Pharyngeal and Laryngeal Diseases.....239

Inku Shrestha Basnet

- Pharynx 239
- Larynx 241

55. Clinical Examination of the Pharynx and Larynx243

Bigyan Raj Gyawali

- Pharynx 243
- Larynx 244

56. Investigations for Pharyngeal and Laryngeal Diseases including Endoscopy and Imaging247

Prabhat Chandra Thakur

- Imaging 247
- Histopathological Investigations 248

• Flexible and Rigid Endoscopy	248
• Tests for Esophageal Diseases	249
57. Diseases of the Tonsils.....	250
<i>Kunjan Acharya</i>	
• Acute Tonsillitis	250
• Ulcers of the Tonsil	250
• Tonsillar Cysts and Tonsillolith	250
• Unilateral Tonsillar Enlargement	250
58. Inflammatory Diseases of the Pharynx.....	252
<i>Bijaya Kharel</i>	
• Infections of the Pharynx	252
• Noninfective Diseases of the Pharynx	253
• Pharyngeal Manifestations of Systemic Diseases	254
59. Neoplasms of the Pharynx.....	256
<i>Kunjan Acharya</i>	
• Neoplasms of the Nasopharynx	256
• Neoplasms of the Oropharynx	256
• Neoplasms of the Hypopharynx	257
60. Infections and Non-neoplastic Diseases of the Larynx	259
<i>Leison Maharjan</i>	
• Inflammations of the Larynx	259
• Non-neoplastic Lesions of the Larynx	262
61. Neoplasms of the Larynx	265
<i>Kunjan Acharya</i>	
• Benign Neoplasms of the Larynx	265
• Malignant Neoplasms of the Larynx	265
62. Neurological Lesions of the Larynx and Pharynx	269
<i>Brihaspati Sigdel</i>	
• Central Versus Peripheral Involvement	269
• Etiology	269
• Intracranial Causes	269
• Extracranial Causes	269
• Investigations	269
• Laryngeal Paralysis	270
63. Laryngotracheal Injuries.....	273
<i>Yogesh Neupane</i>	
• Acute Laryngeal Trauma	273
• Chronic Laryngeal Stenosis	274
64. Voice Disorders including Phonosurgery	275
<i>Toran KC</i>	
• Voice Disorders	275
• Phonosurgery	276
• Outpatient Department Laryngeal Procedures	277
65. Stridor and Management of Obstructed Airway	278
<i>Heempali Das Dutta</i>	
• Stridor	278
• Management of Obstructed Airway	278

66. Snoring and Obstructive Sleep Apnea.....285

Yogesh Neupane

- Snoring 285
- Sleep Apnea 285
- Obstructive Sleep Apnea 285

SECTION VI: Aerodigestive Tract

Section Editor: Heempali Das Dutta

67. Anatomy and Physiology of Oesophagus and Tracheobronchial Tree289

Arun KC

- The Esophagus 289
- The Tracheobronchial Tree 290

68. Foreign Bodies in the Aerodigestive Tract.....292

Heempali Das Dutta

- Foreign Bodies in the Airway 292
- Foreign Bodies in the Digestive Tract 294

69. Dysphagia297

Ajit Nepal

- Acute Dysphagia 298
- Chronic Dysphagia 298

SECTION VII: Pediatric ENT

Section Editor: Heempali Das Dutta

70. Congenital Diseases of the Ear, Nose, Throat and Neck.....303

Apar Pokhrel

- Congenital Diseases of the Ear 303
- Congenital Anomalies of the External Auditory Canal (EAC) 304
- Congenital Anomalies of the Inner Ear 304
- Congenital Diseases of the Nose 305
- Congenital Diseases of Oral Cavity and Head and Neck 305
- Congenital Diseases of the Pharynx 307
- Congenital Diseases of the Hypopharynx 307
- Congenital Diseases of the Larynx 308
- Congenital Diseases of the Trachea and Esophagus 309

71. Acute Otitis Media310

Rajendra PS Guragain

- Predisposing Factors 310
- Bacteriology 310
- Clinical Features 311
- Course of the Disease 311
- Investigations 311
- Treatment 311

72. Otitis Media with Effusion including Ventilation Tube Insertion313

Rajendra PS Guragain

- Synonyms 313

- Etiology 313
- Clinical Features 313
- Investigations 314
- Differential Diagnosis 314
- Natural History of OME 314
- Sequelae 314
- Treatment 314

73. Diseases of the Tonsils and Adenoids in Children.....316

Dhundi Poudel

- Surgical Anatomy of the (Palatine) Tonsil 316
- Infections of the Tonsils 317
- Adenoid 321
- Snoring and Obstructive Sleep Apnea 323

74. Pediatric Upper Airway Problems, Stridor and Pediatric Tracheostomy.....324

Heempali Das Dutta

- Upper Airway Problems 324

75. Pediatric Neck Swellings327

Rupesh Raj Joshi

- Inflammatory Conditions 327
- Congenital Conditions 328
- Neoplasia 328
- Others 328

76. The Deaf Child.....329

Rabindra B Pradhananga

- How to Detect Deafness in an Infant or Child? 330

SECTION VIII: Related Topics

Section Editor: Heempali Das Dutta

77. Emergencies in ENT and Head and Neck335

Heempali Das Dutta

- Ear 335
- Nose and Paranasal Sinuses 336
