

SECTION 1: ESSENTIALS OF LAPAROSCOPY

1. Chronological Advances in Minimal Access Surgery
2. Laparoscopic Imaging Systems
3. Laparoscopic Equipment and Instrument
4. Sterilization of Laparoscopic Instruments
5. Anesthesia in Laparoscopic Surgery
6. Abdominal Access Techniques
7. Principle of Laparoscopic Port Position
8. Laparoscopic Dissection Techniques
9. Laparoscopic Tissue Approximation Techniques
10. Hand-assisted Laparoscopic Surgery

SECTION 2: LAPAROSCOPIC GENERAL SURGICAL PROCEDURES

11. Laparoscopic Cholecystectomy
12. Laparoscopic CBD Exploration
13. Laparoscopic Appendicectomy
14. Laparoscopic Repair of Inguinal Hernia
15. Laparoscopic Repair of Ventral Hernia
16. Laparoscopic Repair of Hiatus Hernia
17. Laparoscopic Repair of Duodenal Perforation
18. Laparoscopic Fundoplication
19. Sleeve Gastrectomy
20. Laparoscopic Splenectomy
21. Laparoscopic Management of Hepaticopancreatic Diseases
22. Diagnostic Laparoscopy
23. Laparoscopic Small Bowel Surgery
24. Laparoscopic Colorectal Surgery
25. Laparoscopic Adhesiolysis

SECTION 3: LAPAROSCOPIC GYNECOLOGICAL PROCEDURES

26. Laparoscopic Sterilization
27. Laparoscopic Ovarian Surgery
28. Laparoscopic Tubal Surgery
29. Laparoscopic Management of Ectopic Pregnancy
30. Laparoscopic Surgery in Pregnancy: Precautions and Complications
31. Laparoscopic Management of Endometriosis
32. Laparoscopic Hysterectomy
33. Laparoscopic Myomectomy
34. Laparoscopic Management of Stress Incontinence
35. Minimally Invasive Sling Operation for Stress Incontinence
36. Laparoscopic Sacral Colpopexy
37. Essentials of Hysteroscopy

SECTION 4: LAPAROSCOPIC UROLOGY

38. Ureteral Injury and Laparoscopy
39. Laparoscopic Urological Procedure

SECTION 5: PEDIATRIC LAPAROSCOPY

40. Laparoscopic Pediatric Surgery

SECTION 6: MISCELLANEOUS

41. Other Minimal Access Surgical Procedures
42. Minimal Access Bariatric Surgery
43. Complications of Minimal Access Surgery
44. Role of Training in Minimal Access Surgery
45. Minimal Access Robotic Surgery
46. Transanal Endoscopic Microsurgery
47. Future of Minimal Access Surgery
48. Troubleshooting and Checklist
